Benefits-at-a-glance

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten. If your group is self-funded, please see any other plan documents your group uses. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

Prior authorization for Select Services - Services listed in this BAAG are covered when provided in accordance with Certificate requirements and, when required, receive prior authorization or approved by BCBSM except in an emergency.

Note: A list of services that require approval **before** they are provided is available online at bcbsm.com/importantinfo. Select **Approving covered services**.

Pricing information for various procedures by in-network providers can be obtained by calling the customer service number listed on the back of your BCBSM ID card and providing the procedure code. Your provider can also provide this information upon request.

Prior authorization for Specialty Pharmaceuticals - BCBSM will pay for FDA-approved specialty pharmaceuticals that meet BCBSM's medical policy criteria for treatment of the condition. The prescribing physician must contact BCBSM to request prior authorization of the drugs. **If prior authorization is not sought, BCBSM will deny the claim and all charges will be the member's responsibility.**

Specialty pharmaceuticals are biotech drugs including high cost infused, injectable, oral and other drugs related to specialty disease categories or other categories. BCBSM determines which specific drugs are payable. This may include medications to treat asthma, rheumatoid arthritis, multiple sclerosis, and many other diseases as well as chemotherapy drugs used in the treatment of cancer, but excludes injectable insulin.

Blue Cross provides administrative claims services only. Your employer or plan sponsor is financially responsible for claims.

Benefits-at-a-glance

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay/coinsurance. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten or any other plan documents your group uses, if your group is self-funded. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

Prescription Drug Discount Program - Prescription drug manufacturers provide coupon programs for certain medications. Your benefit plan requires you to take advantage of BCBSM-approved coupon programs for select medications. This benefit may lower the cost-sharing typically required for these drugs. Your out-of-pocket expense will be no more than your benefit cost-sharing. When a manufacturer coupon is used, only the amount you paid for the prescription will apply towards your annual out-of-pocket maximum.

NOTE: Adjustments may be required to accurately reflect your annual out-of-pocket maximum to reflect your true out-of-pocket cost.

This program may be discontinued at any time if it is no longer supported by the vendor.

Specialty Pharmaceutical Drugs - The preferred pharmacy for specialty drugs is **Walgreens Specialty Pharmacy**. Specialty drugs are covered only when dispensed through the Walgreens Specialty Pharmacy or through a participating Walgreens retail pharmacy, as long as the drug is available at that location. You may want to call ahead to confirm availability. **If you don't use Walgreens Specialty Pharmacy or a participating Walgreens retail pharmacy, you may be responsible for the full cost of the medication.**

A list of specialty drugs is available on our website at bcbsm.com/pharmacy. Click What are specialty drugs, then click Specialty Drug Program Rx Benefit Member Guide. The guide is updated monthly.

If you have additional questions, you can call Walgreens Specialty Pharmacy customer service at 1-866-515-1355.

We will not pay for more than a 30-day supply of a covered prescription drug that Blue Cross defines as a "specialty pharmaceutical". We may make exceptions if a member requires more than a 30-day supply. Blue Cross reserves the right to limit the quantity of select specialty drugs to no more than a 15-day supply for each fill. Your copay or coinsurance will be reduced by one-half for each fill once applicable deductibles have been met.

Select Controlled Substance Drugs - BCBSM will limit the initial fill of select controlled substances to a 5-day supply. Additional fills for these medications will be limited to no more than a 30-day supply. The controlled substances affected by this prescription drug requirement are available online at bcbsm.com/pharmacy.

Member's responsibility (copays and coinsurance amounts)

Your Simply Blue HSA prescription drug benefits, including mail order drugs, are subject to the same deductible and same annual out-of-pocket maximum required under your Simply Blue HSA medical coverage. Benefits are not payable until you have met the Simply Blue HSA annual deductible. After you have satisfied the deductible you are required to pay applicable prescription drug copays and coinsurance amounts which are subject to your annual out-of-pocket maximums.

Note: The following prescription drug expenses will not apply to your Simply Blue HSA deductible or annual out-of-pocket maximum

- any difference between the Maximum Allowable Cost and BCBSM's approved amount for a covered brand-name drug
- the 20% member liability for covered drugs obtained from an out-of-network pharmacy

Note: Over-the-counter (OTC) drugs are drugs that do not require a prescription under federal law. They are identified by BCBSM as select prescription drugs. A prescription for the select OTC drug is required from the member's physician. In some cases, over-the-counter drugs may need to be tried before BCBSM will approve use of other drugs.

Features of your prescription drug plan	
Clinical Drug List	A continually updated list of FDA-approved medications that represent each therapeutic class. The drugs on the list are chosen by the BCBSM Pharmacy and Therapeutics Committee for their effectiveness, safety, uniqueness and cost efficiency. The goal of the drug list is to provide members with the greatest therapeutic value at the lowest possible cost.
Quantity limits	To stay consistent with FDA approved labeling for drugs, some medications may have quantity limits.
Mandatory prior authorization	A process that requires a physician to obtain approval from BCBSM before select prescription drugs (drugs identified by BCBSM as requiring prior authorization) will be covered. Step Therapy , an initial step in the Prior Authorization process, applies criteria to select drugs to determine if a less costly prescription drug may be used for the same drug therapy. Some over-the-counter medications may be covered under step therapy guidelines. This also applies to mail order drugs. Claims that do not meet Step Therapy criteria require prior authorization. Details about which drugs require prior authorization or step therapy are available online site at bcbsm.com/pharmacy .
HSA preventive prescription drugs	You have coverage for preventive prescription drugs on the BCBSM HSA Preventive Rx Drug List when provided by in-network pharmacies, payable up to an annual benefit maximum of \$500 (no deductible or copay/coinsurance). When the benefit maximum has been reached, the cost-sharing requirements of your plan will apply. A list of commonly prescribed preventive drugs is available upon request. A member may also call the customer service telephone number found on the back of his or her identification card to inquire about a particular drug.
Maximum allowable cost drugs	When you receive a generic maximum allowable cost (MAC) drug from an in-network pharmacy, you pay your cost share as noted in your coverage. However, if you request a brand-name drug and the prescriber did not write "Dispense as Written" or "DAW" on the prescription, you must pay the difference between the maximum allowable cost and the Blue Cross Blue Shield of Michigan approved amount for the brand-name drug, plus your copayment. If the prescriber wrote "Dispense as Written" or "DAW" on the prescription, we will pay the pharmacy the approved amount for the brand-name drug, after deduction of your copayment.
GLP-1 Products	GLP-1 products for conditions other than diabetes are not covered.

Hearing Care Coverage

Effective Date: On or after January 2026

Benefits-at-a-glance

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten. If your group is self-funded, please see any other plan documents your group uses. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

Member's responsibility (deductible and copay/coinsurance)

Benefits	Participating provider	Nonparticipating provider
Deductible Note: You are required to meet the annual calendar year deductible under your Simply Blue HSA coverage before using your hearing care benefits	Your Simply Blue HSA hearing care benefits are subject to the same deductible required under your Simply Blue HSA medical coverage. Hearing care benefits are not payable until after you have met the Simply Blue HSA annual deductible.	Not applicable
Copay/coinsurance	Your Simply Blue HSA hearing care benefits are subject to the same coinsurance required under your Simply Blue HSA medical coverage.	Not applicable

Covered services

You **must** receive the following services from a **hearing participating provider**. Hearing care services are **not** covered when performed by nonparticipating providers unless the services are performed outside of Michigan **and** the local Blue Cross and Blue Shield plan does **not** contract with providers for hearing care services. In this case, BCBSM will pay the approved amount for hearing aids and related covered services obtained from a nonparticipating provider. You may be responsible for charges that exceed our approved amount.

If you select a digitally controlled programmable hearing device, you may be responsible for charges that exceed the cost of a covered hearing aid.

Benefits	Participating provider	Nonparticipating provider
Audiometric exam - one every 36 months	100% of approved amount after Simply Blue HSA deductible and coinsurance	Not covered
Hearing aid evaluation- one every 36 months	100% of approved amount after Simply Blue HSA deductible and coinsurance	Not covered

Blue Cross Blue Shield of Michigan is a nonprofit corporation and independent licensee of the Blue Cross and Blue Shield Association.

Note: You **must** obtain a medical evaluation (sometimes called a medical clearance exam) of the ear performed by a physician-specialist before you receive your hearing aid. If a physician-specialist is not accessible, your primary care doctor may perform the medical evaluation. **This evaluation is not covered under your hearing care coverage, so you must pay for this exam unless your medical coverage includes coverage for office visits.**

A physician-specialist is a licensed doctor of medicine or osteopathy who is also board certified or in the process of being board certified as an otolaryngologist. A physician-specialist determines whether a patient has a hearing loss and whether such loss can be offset by a hearing aid.
